Juicers

Fresh'n Squeeze® Citrus Juicer (Model CJ)

Fresh'n Squeeze technology provides you with a compact juicer that will not only extract juice using the patented "whole fruit extraction principle", but will also "transfer" the juice into the free-standing chilled juice dispenser. The process is a real attention getter for your customers.

Juicers

Multi-Fruit Juicer (Model MFJ)

The Fresh'n Squeeze Multi-Fruit Juicer yields more juice per unit of fruit than any other citrus processing equipment. Its unique design allows the juicer to handle a variety of fruit sizes and most of the world's citrus varieties including oranges, grapefruit, lemons, limes and tangerines. This juicer is also available in stainless steel.

Corer

S-961 Pineapple Corer

Get a bigger cut out of the profits! Fresh cut pineapple sales are dramatically enhanced when "ready to eat" pineapples are displayed. It adds a fresh look to your department and makes displays "come alive". It is a quick and easy approach to merchandising for profits.

Juicers

ROTOR

No limits are imposed on your imagination: juices from local or exotic fruits, from all kinds of vegetables, even sophisticated juice cocktails can be prepared quickly and easily before your customer's very eyes.

Juicers

JuiceMatic®

JuiceMatic is the most up-to-date solution for the production of natural citrus juice. Its modern system of juice extraction ensures getting the best out of the fruit without any handling of the product. Easy cleaning of the parts that are in contact with the juice; they are easily dismantled without any kind of tools. With its small attractive design, versatility and speed, it is the ideal juicer for almost any type of business. The MJ 20 Automatic Feed is also available.

Wheatgrass

This is the fantastic commercial grade electric juicer for wheatgrass and other leafy greens. It's great for the discriminating juice enthusiast as well as for use in juice bars. Its unique design ensures maximum juice yield with the driest waste pulp.

Sugarcane

The juice is extracted from the cane by pressing it through stainless steel rollers. It is nutritious and refreshing, contains about 15% natural sugar and is rich in organic salts and vitamins.

Blenders & Mixers

ROTOR

Optional Citrus
Attachment Available

The blenders which fit in everywhere! At the bar, in hotels, restaurants and cafés, perfectly prepared and presented mixed drinks of all kinds – shakes, cocktails or smoothies - are always a favorite. In professional kitchens, it efficiently will blend, chop, puree and mix any food or beverage quickly and easily.
